ABC Learning Design workshops at the University of Szeged

Objectives of the workshops

- Course design
- Course development
- Programme review (from September)

Workshop format

- Duration: 2 hours
- Location: Central Building of the University of Szeged (sessions announced via Modulo)
- Location (upon request): Central Building or faculty premises (for departmental/institute requests)
- Structure: minimum 1 – maximum 4 tables, each with one team working on one course
- Group size per table: minimum 3 – maximum 6 participants (a mix of academic staff and students, upon request)

Available Workshops

Workshop for PhD students

- Registration: via the Modulo system for pre-announced sessions
- The workshop is based on a model course in research methodology

Departmental / Institute Workshop

- Registration: via email at patyi.zsofia@szte.hu
- Please indicate:
- the unit and suitable time slots for the unit
- a minimum of 1 and a maximum of 4 selected courses
- a list of participating colleagues and (if requested by the unit) students
- The workshop is based on course descriptions and intended learning outcomes; therefore, these are essential for the successful implementation of the ABC workshop.

Workshops launching in Autumn 2026

Workshop for academic staff

- Registration: via the Modulo system for pre-announced sessions
- During registration, participants are required to nominate at least two additional colleagues, or one colleague and one student, who will participate in the workshop and contribute to the collaborative process.

Focus: participants' own course

Programme Review Workshop

- Registration: via email by the programme coordinator
- Please indicate:
- suitable time slots for the unit
- a list of participating colleagues and (if requested by the unit) students
