## International Week successfully organized by the Faculty of Economics and Business Administration 🎉

And this year, EUGLOH partners were invited! 🤝

What is the International Week? 🤔

The International Week has been organized in its present format at the **Faculty of Economics and Business Administration for 10 years**. This year's event is, thus, a **jubilee edition**. Together with the fact that the Faculty itself celebrates its 25th anniversary in 2024. The basic idea of the International Week event is to **provide students with the opportunity to listen to courses delivered by visiting lecturers from our partner institutions**, at the same time strengthening already existing, as well as preparing and designing new collaborations in teaching, research and project activities between our institutions. We also invite guest students from our partners to join the courses and get to know our institution and the city of Szeged. The week features thematic **workshops, cultural programmes, as well as social programmes** of various kinds. At the same time, the event is a forum of networking, creating new collaborations and deepening existing contacts.

👉 A recount of the event tells more than a thousand **words from a student from the University of Paris Saclay**.

*"I want to express my deepest gratitude for the outstanding organization of the International Week. This event has been immensely enriching, both academically and personally.*

*Special thanks to you, Enikő, for your exceptional dedication. You took great care of us throughout the week, enabling us not only to explore the city but also to immerse ourselves in Szeged's vibrant student life. Your kindness and efficiency greatly enhanced our experience. Mil gracias por todo! :)*

*I also wish to extend my heartfelt appreciation to the Director of International Relations, Mme. Ildiko and the entire team. Your warm welcome and the impeccable organization of the week allowed us to fully enjoy this valuable learning and cultural exchange opportunity.*

*This week will remain in my memory as a time of extraordinary discovery and interaction. I absolutely loved Szeged..and I will share my experiences with my classmates.*

*Thank you again for everything you have done for us.*

*Warm regards,  
Javier LÓPEZ"*

---

## New opportunities within EUGLOH!

### 1 - A Post-doctoral position at the University of Paris Saclay !

The post-doctoral contract is funded by the ANR contract attached to the Research Chair Innovation Management & Future of Healthcare (IMFH), within the RITM research **laboratory in economics and management at Université Paris-Saclay** ([www.ritm.universite-paris-saclay.fr](http://www.ritm.universite-paris-saclay.fr)), located in Jean Monnet Faculty of Law, Economics, and Management in Sceaux (92). It is part of the broader societal challenge of health and well-being that Université Paris-Saclay aims to address, **in synergy with the EUGLOH alliance** (European University Alliance for Global Health), of which Université Paris-Saclay is the coordinator, linking human, animal, and environmental health.

 Interested? Here is the link for applications and more detailed information 

 [Post-doctoral job offer at UPS !](#)

---

### 2 - A PhD position at the University of Szeged, HCEMM-SZTE Pathogen Fungi Research Group ! - Please share within your EUGLOH circle !

We are pleased to announce a PhD opportunity for aspiring researchers to join our research group, **HCEMM-SZTE Pathogen Fungi Research Group**. Our research group is focusing on *Candida* infections and aims to reveal the most important host- and pathogen-associated factors associated with infections.

Prospective PhD candidates will have the privilege to engage in different research topics:

- Investigation of host-pathogen interactions, with a primary focus on *Candida* species.
- Exploration of *Candida*-derived extracellular vesicles (EVs) and their role in virulence and pathogenesis.
- Examination of cell-cell interactions between oral cavity tumors and pathogenic fungi

 [Click on this link to get to know more!](#)

Application procedure:

- Please express your interest by sending an email to Prof. Dr. Attila Gácsér ([gacsera@bio.u-szeged.hu](mailto:gacsera@bio.u-szeged.hu))
  - First application deadline: 10th May 2024
  - Second application deadline: 1st July 2024
-

## USZ Colleague László Maróti participating in a BIP

👉 The BIP "**Future of EUGLOH Research Management**" organised by UPSaclay, UPorto and UAH, which took place in Porto, from the 15th to the 19th April, was a huge success.

“Attending the event in Porto was truly inspiring, marking a **significant shift in the focus of the EUGLOH Alliance towards strengthening research collaborations**. As a long-standing collaboration, the alliance has primarily centered on education. However, recognizing the **need to foster research cooperation within the alliance**, this research management meeting was a big step.

👉 During the workshop, each research management unit had the opportunity to present its initiatives. Alongside introducing the RM units of the University of Szeged, I presented the WP3 activities and the Joint Opportunities Platform currently under development. This platform aims to serve as a valuable matchmaking tool, combining various digital tools planned across different work packages to support collaborations within the EUGLOH Alliance, thus creating a unified platform for opportunities.

👉 The latter part of the workshop saw **fruitful collaboration** as we worked in groups to draft an **Action Plan**. This plan aims to establish and operate the EUGLOH RM network, fostering research collaborations and facilitating international projects, leading to the proposal for the creation of a EUGLOH Research Management Office.

👉 Interacting with both familiar faces and new colleagues was a delight. It is always nice to meet in person after having many online conversations. The team harmony was exceptional throughout the event.

In addition to the enriching professional experience, **Porto charmed us with its breath-taking beauty**. ☀️ The organizers greeted us with sunny weather, allowing for leisurely moments by the beach. Some of us even went for a swim in the ocean. It was a bit cold though!

Delicious cuisine, vibrant atmosphere, productive workshops, memorable experiences, and enjoyable programs – Porto offered it all. We are grateful to Porto and all the organisers for hosting us and providing an unforgettable memory.” - **László Maróti, WP3 Manager, USZ**

## Our LSB President attending Katalin Karikó's MTA lecture and Nobel exhibition

Let's read the account of Florabelle Cabarrubias, our Local Student Board President about the MTA Lecture of Katalin Karikó! 🌟

📍 "For the second and third time, I had the opportunity to attend and participate in celebrating Katalin Karikó's success. Meeting her is always a privilege, especially considering its relevance to my profession as a researcher and my personal perspective as a human being. She serves as a great inspiration.

➡ On April 9th, I attended her lecture on the therapeutic application of mRNA hosted by the Hungarian Academy of Sciences. This experience was particularly motivating for me, especially amidst the challenging times I'm facing with my experiments. Knowing that she encountered similar obstacles but persisted with great success motivates me to keep pushing forward as well.

👉 I also had the chance to attend the gala dinner on April 16th, where I was able to be surrounded by people whom I never thought I would be in the same room with. I never thought being the EUGLOH student board president would open a lot of doors for me and give me opportunities that one rarely gets. **It has become a platform for me to speak, be heard, and be seen.** I also got to see the exhibition about Karikó's breakthroughs and some of her previous awards and recognitions, which was like a perfect moment for me to remind myself that all hard work pays off in the end.

🟢 I truly enjoyed that night, she's amazing. The Hungarian folkdance is amazing, too and hearing Zorán sing, I guess I discovered a new Hungarian song that I like, it was the boldog idő which translates to "happy time" and truly it was a happy time for me." - **Florabelle Cabarrubias, LSB President**
