Let's remember a very successful annual summit ! 🥰

Let's read participants' testimonials!

Andrea van der Loos
University of Paris Saclay

★★★★★

A massive thank you to all and a special one for all the Szeged students. You put on an amazing summit! You are all fantastic and unique. Very inspiring!

Angeera Bhattacharyya
Lund University

★★★★★

The four days of the Annual Summit held in Szeged were truly mesmerizing. Starting from the location, set up & delicacies of the dinner arrangements to the context, discussions and topics of the Annual Summit, everything was picture-perfectly coordinated. I am humbled to be part of such an organisation and it was indeed one of the most memorable experiences. Lastly the volunteers were very kind and helped out in every possible way. Kudos to the whole team!!!

Kristóf Kupecz
University of Szeged

★★★★★

We had the opportunity to listen to amazing presentations, as well as we could continue our work in the Work Packages. We had great conversations on several topics that brought us definitely closer to each other.

Dr Irena Duś-Ilnicka
Wroclaw Medical University

★★★★★

Szeged was a complete surprise, and one of the best meetings that I have ever attended organisation's wise. Congratulations to you and your team on how all of this has been provided to you, and for the great hospitality. It was my pleasure to provide with a short presentation and to exchange thoughts on many important for health challenges.

Prof. Francisco Cruz
University of Porto

★★★★★

It was indeed a great pleasure to participate in the session. EUGLOH needs many of these sessions in order to brainstorm priorities for the University activities and to influence policy makers.

Fausto
LMU Munich

★★★★★

My biking adventure through central Europe was already going to be hard to forget, but you managed to make it even more memorable. I want to thank you again from the bottom of my heart for the award and the very special recognition I received during the event's dinner. I really appreciate the fact that even with a whole summit on your shoulders, you found the time and energy to make me feel so special. This is something I will hold dear forever.

Sandrine Lacombe
University of Paris Saclay

★★★★★

We had not only a fruitful meeting but also a really friendly space and time – so important for the « wellbeing » of our baby Alliance! Thank you so much again for all your efforts!!! Now ~300 people ready and motivated for one more year to put in practice all the results of discussions and contacts!

Courtney Peltzer-Hönicke
University of Hamburg

★★★★★

It was a wonderful summit – a personal highlight for me was the panel discussion between the students and the Nobel Laureates. For me, that epitomized what EUGLOH is about: participation, collaboration, ambition.

Joana Resende
University of Porto

★★★★★

It was truly inspiring and I was very impressed by the hundreds of participants. It feels really good to see that so many people are ready to contribute to the transformative potential of EUGLOH and make change happen.

André
University of Hamburg

★★★★★

Thank you too from my side. I enjoyed every day in Szeged. You and your team are great! I've already provided feedback for the meeting to my colleagues at LMU. I hope next year we can have more students and give more space for their ideas.

Christine Ozouf
University of Paris Saclay

★★★★★

The exceptional program, excellence of the speakers, engaging sessions and numerous networking opportunities enabled us to experience another important time for EUGLOH.

Felix Poschinger
University of Hamburg

★★★★★

It was organized perfectly, and we have all made the best of the opportunities to talk, discuss and network in person.

Ville Leppanen
LMU Munich

★★★★★

It was a fantastic event and the feedback I've heard from our delegation members has only been extremely positive.

Francesca Biagini
LMU Munich

★★★★★

Everything was perfectly organised, the events incredibly inspiring and interesting and...the food excellent!

Survey results are now in!

[illegible]

Suggestions for the next Annual Summit

- Keynotes
- Closing dinner
- Mix of formal and informal events
- "Impossible to identify one"
- Nobel Prize Laureates' speech
- Dragonboat practice
- Meetings
- Meals
- Hospitality of the colleagues from Szeged and dancing
- Poster session

- Some funny competition
- More students involved
- More vegetarian and vegan food options
- Give space to promote the success stories of the year
- A dinner like the one at Fehértói Halászcserda
- Dancing
- Social events

Rating	Number of Respondents	Percentage
1	1	0.8%
2	2	1.7%
3	6	5%
4	26	21.5%
5	86	71.1%

EUGLOH Internship Positions available!

Ready for a new challenge now that the Summer is out? 🌟

👉 Check out the **Internship Platform** of the EUGLOH webpage and browse between your options!

Latest calls:

- Fast Atom Diffraction in high-pressure vacuum: application to real-time characterization of the growth of ultra-thin layers by HiPIMS
- Assembly of the phagocyte NADPH oxydase
- Bacterial retrotransposable elements : mobility and impact on host physiology and phage infection

Apply for the Internships NOW by clicking here!

Please forward the opportunities for students, who might be interested in these calls!

Conference in Porto! Want to participate?

An open call to all EUGLOH partners! When? 18 October 2024

Topic: **Ethics and One Health**

👉 On October 18th, 2024, the “Ethics Committee” of the University of Porto will organize its **Annual Conference** at the University of Porto, Portugal.

This edition will be dedicated to **Ethics and “One Health”** and therefore U.Porto would like to open the event to the international dimension and namely to the EUGLOH Alliance.

👉 This conference cycle will be held in English and focus on **ethics, and academic integrity in Higher Education** and its relation with the concept of “One Health”.

We cordially invite all EUGLOH partners to save the date and participate in this event.

Although it is not a formal working area defined in EUGLOH 2.0 work plan, we believe that it would be an excellent first step towards joint work with the EUGLOH Alliance and exposure to international cooperation of your Universities’ committees (at central and local level) dedicated to ethics in Research and Innovation, Higher Education and training. To this end, we believe this event can be used to develop a potential collaborative network between the Ethics Committees of the partner Universities and to ensure future collaborations and projects, so we would like to extend this invitation to the members of the local Ethics Committees.

! Should you have any questions, please do not hesitate contact **Ms. Lisa Dequech**
+351 220 408 174 | 4119 ldaquech@reit.up.pt | eugloh@uporto.pt

Please disseminate this opportunity among your colleagues.

Another chance at UPorto! 🌟😊

REGISTRATIONS FOR BIN@PORTO 2024 ARE NOW OPEN!

- 👉 **WHAT?** Annual event of Business and Innovation Network (BIN@™)
- 👉 **WHEN?** 22 – 24 October 2024
- 👉 **WHERE?** At the Faculty of Engineering of the University of Porto (FEUP) and at the Science and Technology Park of the University of Porto (UPTEC)
- 👉 Official website: fe.up.pt/binporto/2024/

We are glad to officially open the **online registrations** for the **BIN@** annual event 'BIN@PORTO 2024' which this year has the underlying theme 'Innovation for Resilience' structured around three grand pillars CLIMATE | DIGITAL | ENERGY & WATER. The participation is free-of-charge, but a pre-registration is required.

The event will have in store:

📌 **OPEN SESSIONS** (22 Oct) that are fully open to public so that everyone interested in a specific topic could attend the keynote(s) of their choice. These sessions, based on the three grand pillars CLIMATE | DIGITAL | ENERGY & WATER shall frame the 3-day event.

📌 **ACTION TANK SESSIONS** (23 Oct) which have as a goal to encourage working across disciplines, sharing knowledge and experience as well as creating interdisciplinary teams to address proposed topics/challenges from different perspectives and areas involved. Active engagement of the audience is expected.

📌 **UPTEC SESSIONS** (24 Oct), offering a diverse selection of activities to choose from. You can visit the Exhibition: Tech Demo and Business Showcase where the delegates will have the opportunity to present and/or visit a wide group of technology demonstrations as well as company showcases. This brokerage day will also include a roundtable on Climate Resilient Communities, a talk on the art of pitching, UPTEC NON-STOP: Startup Piteches, two parallel Reverse Pitches (Investors Day), time for B2B meetings, amongst others.

📌 And last, but certainly not least, **SOCIAL PROGRAMME & NETWORKING** unravelling over the whole duration of the event as the strengthening of ties and building new collaborations between the participants of the event cannot be disregarded.

Register NOW!

Postdoc Position in Lund! 🌟

In the Areas of Physics, Chemistry, Medical or Biological Sciences!

AMBER's postdoctoral call within biological imaging

The EU-funded research project **AMBER**, Advanced Multiscale Biological imaging using European Research infrastructures, is announcing **15 positions** in its second postdoctoral call.

! Deadline: 6 September 2024 !

Scientists holding (or about to receive soon) a PhD in the areas of physics, chemistry, medical sciences, biological sciences, or other relevant areas are welcome to apply.

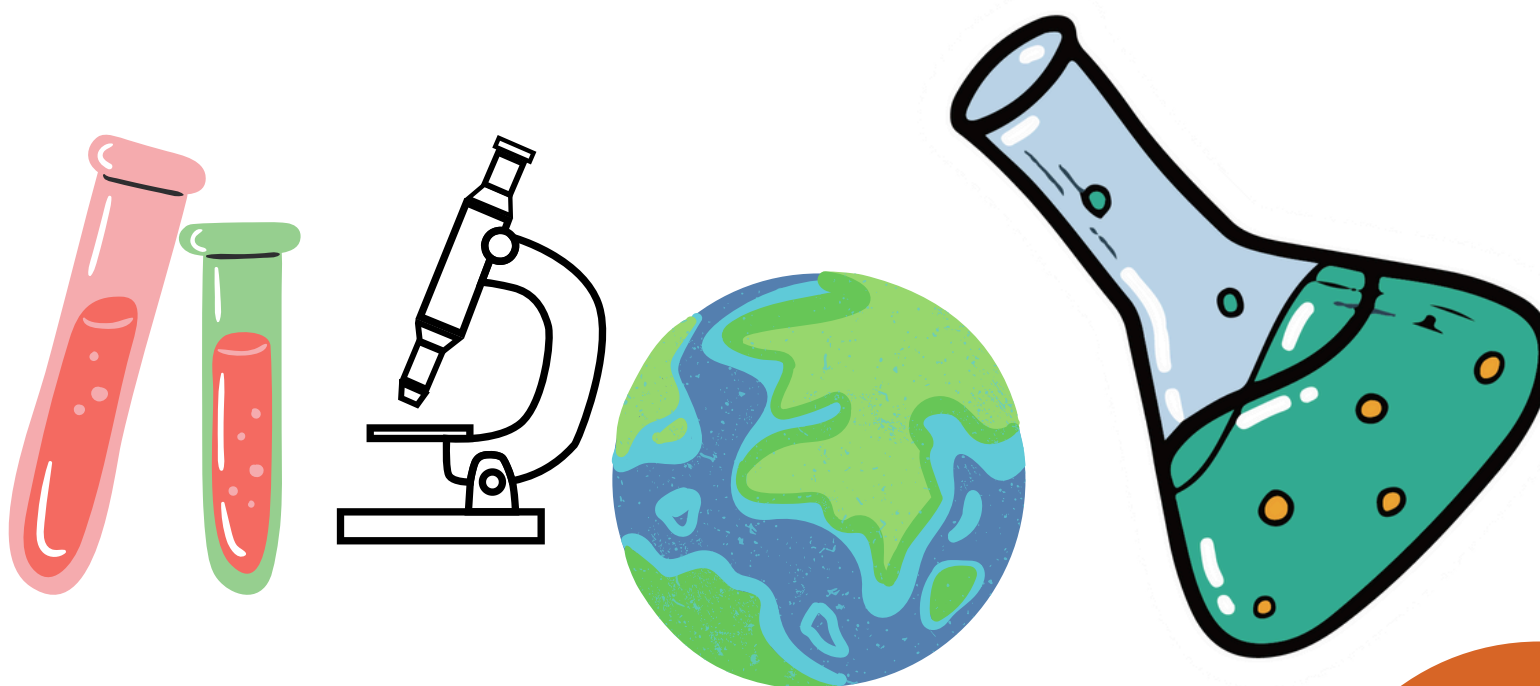

AMBER is coordinated by LINXS Institute of advanced Neutron and X-ray Science.

👉 Want to know more? Read more on AMBER's website: www.ambercofund.eu

Follow AMBER on LinkedIn:

<https://www.linkedin.com/company/amber-postdoctoral-programme>

Please forward this call to anyone, who might be interested!
