About the Faculty

Are you looking for a BA, MA or Doctoral Programme?

We offer the best! We promote open-mindedness, critical thinking, creativity and provide our students with an excellent, marketable degree. In a 2017 ranking based on professor excellence, our Faculty was named the best in Hungary. It holds eminent positions on international lists as well. No surprise that last year the number of international students doubled. The high-quality education at our university is supported by its library – located right next to our Faculty – which contains two million documents. You can also relax after studying; there is a plethora of cafés and pubs on our minicampus in the city center. This beautiful city, also called the Sun City, is home to our Faculty. Apart from academic life, you can enjoy the vivid cultural life and the sports facilities offered by the city. You will never get bored and you will find many friends. The Faculty of Humanities and Social Sciences at the University of Szeged is the best choice for you!

Services of the Faculty for International Students

Our international students commence the academic year by attending the orientation week organized by the faculty to welcome them. During this week students participate in an intercultural sensitivity training that prepares them for working with Hungarian and other foreign cultures. They can apply these skills at student dormitories where they might stay as well. Since these only have a limited number of places available, the international staff and their mentors help the students find a flat that they can share with other students, if needed. Besides their coordinators, students can count on their mentor as well, a Hungarian student that helps them with daily affairs and informs them about the numerous activities that our Faculty and city offer. Regardless of the programme they are in, our students may deepen their knowledge of Hungary by attending Hungarian language and culture classes. Our students can also explore the cultural and sports facilities, and they can enjoy the different festivals and concerts in the city.

International Relations

Our Faculty has numerous exchange programmes for both students and staff with universities all over the world. Do ask for possibilities!
