

Faculty of Economics and Business Administration UNIVERSITY OF SZEGED

SZTE

The Faculty of Economics and Business Administration is one of the twelve faculties of the University of Szeged with a high reputation within Hungary and in a European and global context as well. The faculty's programmes for training skilled professional economists were first launched in 1999 with an English language programme called Business Administration and Management following in 2013 as part of the University's new internationalisation strategy. The faculty has been taking on more and more international students each year and has been building a truly international academic community within its walls. The faculty's BSc, MSc and PhD programmes are highly regarded worldwide and provide reliable and up-to-date professional knowledge and practical experience for students.

Services of the Faculty for International Students

The Faculty of Economics provides a wide range of services to international students in order to help their academic, cultural and social integration.

- Supporting international students in entering academic competitions (with special emphasis on the National Scientific Students' Association's competition (OTDK);
- Supporting the founding and operation of student clubs;
- Creating and maintaining teacher mentoring;
- Managing cultural differences and other related difficulties by
 1. Creating and maintaining a network of mentor students (both Hungarian and foreign students may apply to become mentors).
 2. Organizing student excursions for international students in order to familiarize them with Hungarian culture and also their Hungarian fellow students.
 3. Organizing integrated student events.
- Maintaining programmes to minimize the loss of students due to academic and performance issues: mentoring, organizing common study sessions, counseling for students in difficult situations, tutoring.

International Relations of the Faculty concerning Student and Academic Staff Mobility:

The Faculty of Economics and Business Administration has a wide range of Erasmus partner institutions throughout Europe from Finland to Germany, from France to Spain and many more.
