YOUR GATEWAY TO KNOWLEDGE

AN INSTITUTION WHERE OUTSTANDING DISCOVERIES ARE MADE

The University of Szeged prides itself on a number of its great scientists and researchers, among them the Nobel Laureates Albert Szent-Györgyi and Katalin Karikó. Albert Szent-Györgyi, former rector and professor of the Medical University, received the Nobel Prize in 1937 for his scientific work on isolating vitamin C from Szeged paprika. Alumna Katalin Karikó was awarded the Nobel Prize in 2023 for her research on mRNA, which contributed to the development of mRNA-based vaccines for COVID-19.

AMAZING UNIVERSITY LIBRARY

SZTE's library is ranked in the world's top 50 most amazing libraries. This is the largest library in Central Eastern Europe. The building itself also functions as a conference centre. The library offers access to more than 1.8 million books, periodicals, manuscripts, microfilms, e-journals, e-books and other documents out of which there are about 138000 items related to the medical field.

FEES AND COSTS

Kasra Shekastehband (Class of 2024)

I have learned how to efficiently learn anything. The University made me believe that intelligence is flexible, you can always pick up and grow.

Nama Ahmad MD (Class of 2009)

Szeged has a lively city centre, a beautiful river and it is a safe place to live. I felt at home and comfortable from the very beginning.
