TASK A Look at the following pictures and answer the questions.

- What change do the pictures show?
- What can you learn about this issue based on the pictures?
- What causes this issue?

NOAA Climate.gov, based on data provided by NOAA National Centers for Environmental Information.

TASK B Read the following text. Finish the sentences.

William Shakespeare is often praised as the world's greatest playwright. Though he lived 400 years ago, his plays are still studied and enjoyed today.

William Shakespeare was born in 1564 in the town of Stratford-upon-Avon, England. When Shakespeare was 18, he married Anne Hathaway. What Shakespeare did to support his young family is unknown. Some scholars think that he was a schoolteacher. Others think that he traveled with a group of actors.

By 1592 Shakespeare was working as a writer and actor in London. In that year a disease called the black plague devastated the city. Officials closed the theaters and other public places to stop its spread. Shakespeare then turned to writing poetry.

London's theaters reopened in 1594. By then Shakespeare had joined an acting group called Lord Chamberlain's Men. They often presented plays for royalty. Along with acting and writing, Shakespeare also was involved with the business side of theater. He became wealthy.

Shakespeare wrote 37 plays in 20 years. His plays generally fall into three categories: tragedies, comedies, and histories. Tragedies are plays that describe the downfall of the main character. Shakespeare's most famous tragedies include Hamlet, King Lear, and Macbeth. Comedies are humorous plays that end happily. Shakespeare's comedies include A Midsummer Night's Dream, As You Like It, and The Taming of the Shrew. Shakespeare's histories are dramas about some of England's powerful kings, including Henry IV and Richard II.

Shakespeare retired from the theater in about 1610. He returned to his hometown of Stratford-upon-Avon. He died there on April 23, 1616.

Statements:

To support his family,

Officials closed London theaters because ...

Shakespeare became wealthy from ...

The Taming of the Shrew and A Midsummer Night's Dream are ...

Stratford-upon-Avon is an important place in his life, because ...

TASK C **Look at the painting. Which description fits it the best?**

Source: [https://en.wikipedia.org/wiki/Ophelia_%28painting%29#/media/File:John Everett Millais - Ophelia - Google Art Project.jpg](https://en.wikipedia.org/wiki/Ophelia_%28painting%29#/media/File:John_Everett_Millais_-_Ophelia_-_Google_Art_Project.jpg)

Description 1. *Ophelia* is a painting by John Everett Millais. It shows a woman in a river, holding some flowers. There are many plants around her. The woman looks calm, and the painting is very colorful. She is a character from a famous play, but the painting does not explain much about her. It is a beautiful picture with lots of nature in the background.

Description 2. The painting *Ophelia* by Sir John Everett Millais shows a young woman, Ophelia, floating in a river. She is holding flowers in her hands and her face looks peaceful. The river is surrounded by plants and trees. Ophelia is from Shakespeare's play *Hamlet*, and this painting shows her after she falls into the water. The bright colors and detailed nature make the painting very beautiful and sad.

Description 3. In the painting *Ophelia*, John Everett Millais shows a woman swimming happily in the sea. She has a big smile and holds a basket of fruits. There are no trees, but we can see mountains in the background. Ophelia is a character from a comedy by Shakespeare, and this scene happens after she survives a big storm. The painting is full of warm, bright colors.

Bizottság által feltett lehetséges segítő és értelmező kérdések a szóbeli vizsga mintafeladatlapjához:

A. Warming over the last century

- What are the differences between the two pictures?
- Based on the pictures, is warming getting faster? How can you tell?
- Is the source important when you think about this picture?
- What is the larger issue these pictures show?
- What are some of the causes of global warming?
- What can we do to slow down global warming?

B. Shakespeare

- What do you think, why did Shakespeare move to London?
- Do you think 37 plays in 20 years is a lot? What does that tell you about Shakespeare?
- Do you think biographical information is important to understand Shakespeare's works?
- What do you think, why do many people like the theater? Why?
- Are there any unknown words in the text? Can you guess their meaning? How would you look them up?

C. Ophelia by John Everett

- Why did you choose that description?
- If you had to choose between the remaining two, which one would you choose?
- Are there any factual mistakes in any of the texts?
- What is your own impression of the painting? How does it make you feel? Does it remind you of anything?
- What's the connection between Task B and Task C?
