

FLUIDIGM® at

Mass Cytometry for All Focus on Immune Monitoring

A LIVE WEBINAR FROM FLUIDIGM

THURSDAY 18 MARCH, 10:00 CET

[REGISTER NOW](#)

In this webinar:

- How mass cytometry allows you to analyze more than 50 markers simultaneously with single-cell resolution
- How the Maxpar® Direct™ Immune Profiling Assay™ provides a complete solution for immune profiling of whole blood or PBMCs
- Examples of recent publications using mass cytometry in immune monitoring studies
