

# Tímea Viktória Böröczky

PHD STUDENT

---

## Work experience • 2021 -

### **Szeged Biological Research Centre**

PHD STUDENT

2020 - 2021

### **University of Szeged, Department of Immunology**

MSC STUDENT

Thesis supervisor: Dr. Krisztina Buzás

Thesis: Quantitative characteristics of extracellular vesicle production in tumor and primary cell cultures

2018 - 2019

### **University of Szeged Dept. Biochemistry and Molecular Biologys**

BSC STUDENT

Thesis supervisor: Ildikó Huliák

Thesis: The tumor associated myofibroblasts' role in the tumor cell invasion: analysis of the urokinase plasminogen activator and its receptor's gene expression

---

## Education • 2021 -

### **Doctoral School of Interdisciplinary Medicine**

PhD program

Medical microbiology and immunology PhD subprogram

2019 - 2021

### **University of Szeged, Faculty of Science and Informatics**

Biology MSc

Molecular, Immuno- and Microbiology

2016 - 2019

### **University of Szeged, Faculty of Science and Informatics**

Biology BSc

Cell- and molecular biology major

2010 - 2015

### **Comenius Bilingual English-Hungarian Grammar School**

---

Language • **English**

C1 Advanced
