WORK EXPERIENCE

2022. July – present
Parental leave: July 2021-August 2022, December 2023-December 2024
2020. July – present
- October 2018 – September 2019
- July 2017 – June 2020
- Assistant professor**
University of Szeged, Department of Immunology
Immunology lectures and seminars in Hungarian, English and German language
- Research fellow**
HUN-REN-SZTE Dermatological Research Group, University of Szeged, Szeged (Hungary)
- Postdoctoral visiting researcher**
Department of Dermatology, University Hospital Zürich, Zürich (Switzerland)
- Assistant Research Fellow**
MTA-SZTE Dermatological Research Group, University of Szeged, Szeged (Hungary)

EDUCATION AND TRAINING

- September 2013 – December 2018
- September 2011 – July 2013
- September 2007 – July 2011
- PhD studies, Doctoral School of Clinical Medicine**
University of Szeged, Faculty of Medicine, Szeged (Hungary)
Thesis: Investigations on cytosolic nucleic acid fragment induced innate immune functions of keratinocytes;
Supervisor: Prof. Dr. Márta Széll, General grade: summa cum laude
- Master of Science (MSc) in Molecular Biology**
University of Debrecen, Faculty of Medicine, Debrecen (Hungary)
Master's Degree with Special Honours
- Bachelor of Science (BSc) in Biology**
Eötvös Loránd University, Faculty of Science, Budapest (Hungary)

ADDITIONAL INFORMATION

Grants as Primary Investigator:

- 2025: University of Szeged, Research Grant supported by Katalin Karikó (4 M HUF)
2023. EUGLOHRIA Seeding Grant, Identification of ligands of PRINS long non-coding RNA involved in regulation of inflammatory processes to improve host response to microbial attack (10 000 EUR)
- 2020-2024: OTKA FK134355, Keratinocyte-specific splicing alterations and their function in nucleic-acid-induced inflammatory processes of keratinocytes and in psoriasis (33,024 M HUF)

Awards

2011. XXX. National Conference of Students' Research Societies (OTDK), Session for Chemistry, 3rd place
- 2012/13. Fellowship by the Hungarian Republic
2013. University of Debrecen, Local Conference of Students' Research Societies (TDK), *Honorable Mention*
2013. XVIII. Korányi Frigyes Scientific Conference, *Honorable Mention*
2013. XIV. Eötvös Conference, 1st place
2013. Török József Award, University of Debrecen
2016. Abstract prize, 1st, 45th Meeting of the Hungarian Society for Immunology
2019. Pro Laudanda Promotion Award for the best PhD-thesis at the University of Szeged
2022. Abstract prize, 2nd, 51th Meeting of the Hungarian Society for Immunology
2022. Young immunologists' Session of MESIA 2022, 1st Prize

Fellowships

2010. ERASMUS Fellowship (5 months, Humboldt Universität zu Berlin, Berlin, Germany)
- 2012/13. Fellowship by the Hungarian Republic
2013. National Program of Excellence – Eötvös Loránd Students' Fellowship (A2-ELMH-12-0084)
- 2017-2019. Fellowships of the National Talent Program by the Hungarian Ministry of Human Capacities (NTP-NFTÖ-17-B-0164; NTP-NFTÖ-18-B-0341, NTP-NFTÖ-19-B-0064)
2018. European Skin Science Travel Award, European Society for Dermatological Research
- 2020-2023: Bolyai János Research Fellowship by the Hungarian Academy of Sciences
- 2020-23: New National Program of Excellence – Bolyai+ Postdoctoral Fellowship
