**Nobel Prize
in 1937 & 2023**

Albert Szent-Györgyi

Albert Szent-Györgyi (1893-1986) did exactly what only a very few were able to do: he successfully lived through more than two-thirds of the 20th century covering an era in which the human race displayed perseverance in self-destruction through meaningless wars.

As a young professor of biochemistry at the Szeged University and a few years later in the pre-war period as the Rector of the Szeged Medical University, he magically transformed his Institute of Medical Chemistry with great vision into an international "open laboratory", an intellectual meeting place, where the free flow of ideas, the enthusiasm of his associates and his students assured that science would leap forward in huge steps.

He really made some big catches in his lifetime: he was awarded the Nobel-Prize for discovering vitamin-C and the biochemical steps of catalysis of the fumaric acid in the tricarboxylic acid cycle in 1937.

Katalin Karikó

Katalin Karikó studied Biology at the University of Szeged between 1973-1978. She was awarded the title of Doctor of Biochemistry in 1982 after working as a researcher at the Biological Research Centre in Szeged.

She started working with Drew Weissman at the University of Pennsylvania in 1997. Their scientific discovery in 2005 is considered as a landmark in research. Their publication pointed out how mRNA can be modified without causing inflammation and used for therapeutic purposes. They also developed an efficient strategy to deliver mRNA into the body to reach the right target. Their research paved the way for the creation of life-saving vaccines when the COVID-19 pandemic stunned the world in 2020. The mRNA-based vaccine is used in nearly 200 countries around the world.

The last few years have been special for Katalin Karikó, Alumna of the University of Szeged since her scientific work has been recognized by several medical prizes.

She was awarded the Nobel Prize in 2023 for her research on mRNA, which contributed to the development of mRNA-based vaccines for COVID-19.

Why

THE CITY

You will love it! With its University campus right in the heart of the city centre, its museums, art galleries, theatres, movies, clubs, coffee-shops, pubs, large parks, Szeged offers all the excitement of a big city, which is, however, easy to explore on foot or by bike.

Szeged, situated on the banks of the River Tisza, is a thriving university town and the cultural and economic centre of South-Eastern Hungary. It is a city with deep historical and cultural roots, inhabited since Roman times. Szeged was rebuilt after the great flood in 1879, when most of the city was destroyed by the River Tisza.

By Hungarian standards, Szeged is a large city with its population of 160 000.

The salami and paprika business has brought fame and credit to the city. The National Theatre of Szeged, its Contemporary Ballet Company and Symphony Orchestra provide a full season of entertainment. The city is also famous for its open-air theatre and the city centre is marked by

the twin spires of the Roman Catholic Cathedral (Dóm).

Szeged is often called the “City of Sunshine” as it enjoys an average of 2000 hours of sunshine annually.

THE UNIVERSITY OF SZEGED

The University of Szeged is one of the largest, top universities in Hungary. Its institutional and intellectual history goes back to 1581, when the Academia was founded in Cluj, contemporary Romania. Due to the political circumstances after the first World War, the University found a new home in Szeged in 1921.

In the year of 2000, all universities and colleges were integrated into one educational institution, the University of Szeged.

Today, the University comprises 12 Faculties with 2 300 faculty members, 8 000 employees and 25 000 students. It has 600 undergraduate training programmes and more than 100 Ph.D. programmes in 19 Ph.D. schools.

INTERNATIONAL PROGRAMMES

THE UNIVERSITY HAS BEEN TRAINING DOCTORS IN ENGLISH LANGUAGE FOR 40 YEARS.

The English Language Programme offered for foreign students at the Albert Szent-Györgyi Medical School and the Faculty of Pharmacy started in the academic year 1985/86 and 1986/87 respectively. In 1990, the English Language Foundation Year Programme was introduced. In the academic year 2004/05, the English Language Dental Medicine Programme was launched.

Since 1999 the Medical Programme has been also available in German language. The programme was initially offered for the first two years, which has been recently extended to the whole course of studies.

The Faculty of Health Sciences and Social Studies introduced its English Language Programmes in the academic year 2018/19.

Our teaching system is very traditional. We place great emphasis on the theoretical subjects in order to provide a solid basis for the clinical training. The programmes are designed to unify the basic and clinical sciences, as it is believed that scientific and professional development cannot be sharply separated but should proceed concurrently throughout the programmes. Special Ph.D. programmes are arranged, along with individual postgraduate training for Hungarian and foreign colleagues.

In short, our main mission is to train well-educated professionals.

DEGREE PROGRAMMES

Medical Programme MD

The Albert Szent-Györgyi Medical School admits close to 200 students per year to the English Language Programme.

The undergraduate medical programme lasts six years (12 semesters). The first two years serve as the foundation of basic medical knowledge. From the third year, theoretical training is combined with regular clinical practise, where students intensively take part in the work of the clinical departments and the teaching hospitals.

The Faculty's excellent scientific laboratories offer the students a wide range of opportunities to join high standard scientific research activities. Our medical training centre is to aid medical students by enabling them to practise the methods of various procedures on dummies throughout their academic studies.

In the last two semesters – the internship year – students perform clinical rotations for 40 weeks.

At the conclusion of the programme (State Board Examination), the title Doctor of Medicine (medical doctor; Dr. Med.) is granted for those who have met all the requirements of the training.

Entry requirements:

(See website for details: www.med.u-szeged.hu/fs)

- 1 Applicants are required to be over the age of **18 in the year of application.**
- 2 Applications are accepted from graduates of accredited high schools or colleges/universities. According to the decision of the Admission Committee of the Faculty, students who have **failed in Biology, Chemistry, Physics, Mathematics or English Language in the final year of their high school studies are not entitled to apply** to our programme.
- 3 Applicants are **required to sit for an entrance examination.** Applicants are allowed to participate in a **maximum of two examinations** in one application period if the chance is offered by the Faculty.

Holders of the following degrees can be **exempted from sitting for the entrance examination:**

GCE A2 levels

Students have to complete min. **three A2-level courses**, including **two natural science subjects** (Biology, Chemistry, or Physics). A **grade of A is required** in these two subjects, and at least a passing grade is expected in the third.

Predicted A2 level grades are considered for conditional acceptance. GCE AS/O level grades are not considered to meet exemption requirements.

IB Diploma

Students are required to achieve **grade 5 in two natural science subjects** at Higher Level (Biology, Chemistry or Physics) **and English language** (only if the language of instruction is not English).

In your final year, predicted grades are considered for conditional acceptance. IB Certificates are not considered to meet exemption requirements.

BSc Degree

First Class Honours Bachelor of Science Degree in Natural, Biomedical, Life Sciences, Chemistry, Biology, Physics and proof of sufficient **English language proficiency**.

German Language Medical Programme

The six-year Medical Programme is also available in German Language.

For more information regarding the German Language Programmes, please contact the German Admissions Office:

Tel.: +36 (62) 545-836 ▪ E-mail: bewerbung.fs@med.u-szeged.hu ▪ Website: www.med.u-szeged.hu/fs/de

Dental Medicine Programme DMD

Each year around 60 students start their dental medicine studies in the English Language Programme.

The five-year programme (10 semesters) is designed to unify the basic and clinical sciences. In the first two years students are taught basic sciences – medical and dental courses – which are the foundation of clinical dentistry.

In the second year students already learn dental procedures on manikins. From the third year on more emphasis is placed on the study of dental diseases and their treatment. The last two years serve the intensive clinical study of each of the various disciplines of dentistry with emphasis on the assessment and management of patients. Furthermore, throughout their training students participate in elective programmes, clinical conferences and hospital-based practices. After the successful completion of the programme (State Board Examination), students are awarded the title Doctor Medicinae Dentariae (dentist; D.M.D.). Teaching is performed at the departments of the Medical and Dental Faculties. The Dental Faculty, which is the regional centre for dental care in the south-eastern region of Hungary, has approximately 30 graduates each year in the English Language programme.

Entry requirements:

(See website for details:

www.stoma.u-szeged.hu/fs)

- 1 Applicants are required to be over the age of **18 in the year of application.**
- 2 Applications are accepted from graduates of accredited high schools or colleges/universities. According to the decision of the Admission Committee of the Faculty of Dentistry, students who have **failed any subject in the final year of their high school studies are not entitled to apply** to our programme.
- 3 Applicants are **required to sit for an entrance examination.** Applicants are allowed to participate in a **maximum of two examinations** in one application period if the chance is offered by the Faculty.

Holders of the following degrees can be **exempted from sitting for the entrance examination**:

GCE A2 level

Students have to complete min. **three A2-level courses**, including **two natural science subjects** (Biology, Chemistry, or Physics). A **grade of A** is required in these two subjects, and at least a passing grade is expected in the third.

Predicted A2 level grades are considered for conditional acceptance.

GCE AS/O level grades are not considered to meet exemption requirements.

IB Diploma

Students are required to achieve **grade 5 in two natural science subjects** at Higher Level (Biology, Chemistry or Physics) **and English language** (only if the language of instruction is not English).

In your final year, predicted grades are considered for conditional acceptance. IB Certificates are not considered to meet exemption requirements.

BSc Degree

First Class Honours Bachelor of Science Degree in Natural, Biomedical, Life Sciences, Chemistry, Biology and Physics and **First Class Honours Bachelor of Science Degree** in Dental Hygiene if studies were pursued in **English language**.

Pharmacy Programme Dr.Pharm

The Faculty of Pharmacy can admit around 90 students per year to the English Language Programme.

The academic programme offered by the Faculty of Pharmacy extends over a period of five years (10 semesters) and leads to the degree Doctor of Pharmacy. It begins with an introduction to the basic sciences providing a basis for further pharmaceutical studies. In the second part of the programme, students take part in general and special pharmaceutical education at the university departments, teaching pharmacies, institutes, hospitals and clinical pharmacies, laboratories and pharmaceutical factories. The faculty seeks to educate its undergraduates by promoting their intellectual development and their progressive accumulation of competence in all fields of modern pharmacy. After the successful completion of the programme the title of Doctor Pharmaciae is awarded (pharmacist, Dr. Pharm.). The quality of the training is outstanding compared to similar Hungarian and European pharmacist training centres. The Faculty takes part in international research activities, too. The training material is continuously updated in light of the most recent research results. The lecturers are internationally respected professionals and active researchers.

Entry requirements:

(See website for details: www.pharm.u-szeged.hu/english)

- 1 Applicants are required to be over the age of **18 in the year of application.**
- 2 Applications are accepted from graduates of accredited high schools or colleges/universities. According to the decision of the Admission Com-

mittee of the Faculty of Pharmacy, students who have **failed in Biology, Chemistry, Physics, Mathematics or English Language in the final year of their high school studies are not entitled to apply** to our programme.

- 3 Applicants are required to sit for an entrance examination. Applicants are allowed to participate in a **maximum of two examinations** in one application period if the chance is offered by the Faculty.

Holders of the following degrees can be **exempted from sitting for the entrance examination:**

GCE A2 levels

Students have to complete min. **three A2-level courses**, including **two natural science subjects** (Biology, Chemistry, Physics or Mathematics). A **grade of A** is required in these two subjects, and at least a passing grade is expected in the third. *Predicted A2 level grades are considered for conditional acceptance. GCE AS/O level grades are not considered to meet exemption requirements.*

IB Diploma

Students are required to achieve **grade 4 in two natural science subjects** at Higher Level (Biology, Chemistry, Physics or Mathematics) **and English language** (only if the language of instruction is not English).

In your final year, predicted grades are considered for conditional acceptance. IB Certificates are not considered to meet exemption requirements.

BSc Degree

First Class Honours Bachelor of Science Degree in Natural, Biomedical, Life Sciences, Chemistry, Biology and Physics if studies were pursued in **English language.**

Preparatory Course for Pharmacy Studies

The Preparatory Course for Pharmacy Studies admits around 40 students annually to the English Language Programme.

Do you feel your English knowledge is not enough for our regular programme? Our Preparatory Course for Pharmacy Studies is the best option for you.

The Faculty of Pharmacy organises this programme at the University of Szeged for students who feel unprepared for the pharmacy programme.

Join the course if you need help reviewing the English Language, followed by subjects such as Chemistry, Biology, and Mathematics. If you study hard during the eight-month course, you have a high chance of being admitted automatically to our pharmacy programme in the upcoming academic year.

Entry Requirements

1. Applicants must be over **17 in the year of application** (by December 31).
2. According to the decision of the Admission Committee of the Faculty of Pharmacy, students who have **failed in Biology, Chemistry, Physics, Mathematics or English Language in the final year of their high school studies are not entitled to apply.**
3. You can also complete your online application if you are in your final year but have not yet received your School Leaving Certificate or Diploma. In this case, you must prove that you are attending high school.
4. All non-native English-speaking applicants of the Preparatory Course for Pharmacy Studies must participate in the **English language entrance examination** (written and oral) to provide proof of sufficient English language proficiency (minimum of B1 level).

The English language entrance examination fee is included in the application fee.

Nurse Bachelor Programme BScN

The Faculty of Health Sciences and Social Studies admits close to 20 students per year to the English Language programme.

The training lasts four years (8 semesters), works on a regular full-time basis and ends with a Bachelor of Science Degree in Nursing (BScN).

The Nurse programme provides theoretical and practical knowledge of nursing science. The programme encompasses all aspects of care and provides courses on subjects like psychological care, nursing research, nursing management and counselling.

The aim of the programme is to train specialists:

- who have a wide range of competencies in clinical practice and complex decision-making ability
- who have the expertise in life sciences, health sciences, nursing- and nutrition science, physiotherapy-, medicine- and social sciences, furthermore they have clinical-, diagnostic- and therapeutic competencies.

During the study period students acquire the theoretical knowledge in lectures and demonstrational classroom practices. At the end of the first year they start their clinical practices. Field practices play a significant role in deepening the acquired professional skills. The last two semesters include mainly field practices in clinics.

The Bachelor of Science Degree in Nursing (BScN) acquired in our institution is equivalent to degrees earned in other EU countries.

Entry requirements

(See website for details: www.etszk.u-szeged.hu/english/nurse/nursing-and-patient-care)

- 1 Applicants are required to be over the age of **18 in the year of application.**
- 2 Applications are accepted from graduates of accredited high schools or colleges/universities. According to the decision of the Admission Committee of the Faculty of Health Sciences and Social Studies, students who have **failed in Biology, Chemistry, Physics, Mathematics or English Language in the final year of their high school studies are not entitled to apply** to our programme.
- 3 Applicants are required to sit for an entrance examination. **If you are applying to the Nurse Programme only, the entrance examination will cover just the assessment of your English language proficiency.** In case of parallel application to the General Medicine, Dental Medicine or Pharmacy Programmes, you need to take the regular entrance examination. Applicants are allowed to participate in a **maximum of two examinations** in one application period if the chance is offered by the Faculty.

Holders of the following degrees can be **exempted from sitting for the entrance examination. However, a motivational interview might be required:**

GCE A2 levels

Students are required to achieve **grade B in three natural science subjects** (Biology, Chemistry, Physics or Mathematics).

Predicted A2 level grades are considered for conditional acceptance. GCE AS/O level grades are not considered to meet exemption requirements.

IB Diploma

Students are required to achieve **grade 4 in two natural science subjects at min. Standard Level** (Biology, Chemistry, Physics or Mathematics) **and**

English language (only if the language of instruction is not English.)

In your final year, predicted grades are considered for conditional acceptance. IB Certificates are not considered to meet exemption requirements.

BSc Degree

Upper second Class Honours Bachelor of Science Degree in Natural, Biomedical, Life Sciences, Chemistry, Biology and Physics, Physiotherapy, Nurse and Nursing if studies were pursued in **English language.**

Physiotherapist Bachelor Programme BScPhysio

The Faculty of Health Sciences and Social Studies admits around 20 students per year to the English Language programme.

The training lasts for four years (8 semesters), works on a regular full-time basis and ends with a Bachelor's degree in Physiotherapy.

The aim of the programme is to train professionals:

- who are able to autonomously perform evidence-based patient assessments and evaluations according to the relevant professional guidelines
- who have a wide range of knowledge in life sciences, applied medical and health sciences and social sciences
- who have preventive-, diagnostic- and therapeutic competences in the fields of complex physiotherapy.

The programme is based on 7+1 semesters:

Semesters 1-4 cover basic foundational subjects, professional theory and practice. Semesters 5-7 convey applied clinical physiotherapy knowledge and the last semester consists of different supervised clinical placements for developing professional skills. As physiotherapy is a practice-oriented profession the practical courses take place in small groups. During their studies students have the opportunity to get acquainted with special complex therapeutic methods.

Entry requirements

(See website for details: www.etszk.u-szeged.hu/english/physiotherapist/nursing-and-patient-care)

- 1 Applicants are required to be over the age of **18 in the year of application.**
- 2 Applications are accepted from graduates of accredited high schools or colleges/universities. According to the decision of the Admission Committee of the Faculty of Health Sciences and Social Studies, students who have **failed in Biology, Chemistry, Physics, Mathematics or English Language in the final year of their high school studies are not entitled to apply** to our programme.
- 3 Applicants are required to sit for an entrance examination. **If you are applying to the Physiotherapist Programme only, the entrance examination will cover just the assessment of your English language proficiency.** In case of parallel application to the General Medicine, Dental Medicine or Pharmacy Programmes, you need to take the regular entrance examination. Applicants are allowed to participate in a **maximum of two examinations** in one application period if the chance is offered by the Faculty.

Holders of the following degrees can be **exempted from sitting for the entrance examination. However, a motivational interview might be required:**

GCE A2 levels

Students are required to achieve **grade B in three natural science subjects** (Biology, Chemistry, Physics or Mathematics)

Predicted A2 level grades are considered for conditional acceptance.

GCE AS/O level grades are not considered to meet exemption requirements.

IB Diploma

Students are required to achieve **grade 4 in two natural science subjects at min. Standard Level** (Biology, Chemistry, Physics, Mathematics or Sports, Exercise and Health Science) **and English language** (only if the language of instruction is not English).

In your final year, predicted grades are considered for conditional acceptance. IB Certificates are not considered to meet exemption requirements.

BSc Degree

Upper second Honours Bachelor of Science Degree in Natural, Biomedical, Life Sciences, Chemistry, Biology and Physics, Physiotherapy, Nurse and Nursing if studies were pursued in **English language**.

Transfer from other universities

Students who have successfully pursued medical, dental medicine, pharmaceutical, nurse or physiotherapist studies in English language at other accredited universities can apply for admission without being obliged to take the entrance examination. **Deadline for application: May 15, 2026**

Admission to an upper year might be possible if subjects of **previous studies (not older than 5 years) are identical or at least 75% similar to the curriculum of the University of Szeged.**

Preconditions of transfer are set by the respective Faculty.

Please note that according to the regulations of the Medical School, transfer is possible solely if the student obtains at least half of the credit points assigned to the 6-year medical programme at the diploma-issuing institution, the University of Szeged.

Detailed information on the relevant curriculum and the study plans are available at: <http://www.med.u-szeged.hu/fs/medical-programme/medical-programme-181025>

Students might also be asked to sit for **evaluation examinations** (online). Detailed information about exam(s) registration will be sent to the applicant via e-mail after the receipt of the complete application package.

Evaluation examination fee is 200 EUR to be paid separately before the scheduled examination.

Foundation Year Programme

The Albert Szent-Györgyi Medical School admits around 100 students per year to the English Language Programme.

This programme is organized by the Albert Szent-Györgyi Medical School for students who feel unprepared for the regular health science degree programmes or who need help in reviewing basic sciences in English language.

Subjects taught are Biology, Chemistry including Chemical Calculations, Physics, Mathematics, Medical English, Medical Latin and Hungarian language. The duration of the course is eight months, starting in September.

Students with outstanding academic achievements have a high chance to be admitted automatically to the first year of the following programmes starting in the upcoming academic year:

6-year Medical Programme (MD),

5-year Dental Medicine Programme (DMD),

5-year Pharmacy Programme (DPharm),

4-year Physiotherapist Programme (BScPhysio)

4-year Nurse Programme (BScN)

Entry requirements

(See website for details: www.med.u-szeged.hu/fs)

- 1 Applicants are required to be over the age of **17 in the year of application.**
2. Applications are accepted from graduates of accredited high schools. According to the decision of the Admission Committee of the Faculties, students who have **failed in Biology, Chemistry, Physics, Mathematics or English Language in the final year of their high school studies are not entitled to apply** to our programme.
3. Applicants applying for admission to the Foundation Year do not have to take part in an entrance examination; however they need to provide proof of sufficient **English language proficiency.** For the list of English language test results accepted by the University please visit our website: <http://www.med.u-szeged.hu/fs/faqs/frequently-asked>

How to apply

We welcome applications from all over the world. You need to submit your application through the online Application System Dream Apply: [https:// apply.u-szeged.hu](https://apply.u-szeged.hu). The hard copies of the documents are required only following acceptance. The University reserves the right to withdraw the official decision regarding admission if the hard copies of the documents do not match the ones uploaded upon application.

For full details of the step by step application process **please read the information posted on our website carefully** (<http://www.med.u-szeged.hu/fs/application-admission/how-to-apply>) **and follow the instructions**; this will help to ensure that everything runs quickly and smoothly.

You will be able to track the progress of your application online by **signing into your Dream Apply account** with your e-mail and entering your password. Please also make sure to **remember your Dream Apply Applicant ID** (4 or 5 digit number).

The evaluation of a fully submitted application takes at least 2 weeks.

Please note that places are offered on a first come first served basis. Late applicants are considered based on place availability.

Please note that the assessment of high school diplomas may vary from the standard entry requirements based on the specific curricula.

Application documents for the first year students of the Medical, Dental Medicine, Pharmacy, Nurse and Physiotherapist Programmes – to be uploaded to Dream Apply. Deadline for application: June 15, 2026.

Please be aware that due to organizational reasons we can only consider applications that are fully completed and submitted by the deadline!

- 1. Passport photo**
- 2. Certified copy of your High School Diploma** from an accredited high school **and Certificate listing all the subjects** you have taken and the grades you have achieved.
You are also eligible to submit your application and sit for an entrance examination if you are in your final year but have not received your School Leaving Certificate or Diploma yet. In this case, you must present **proof** that you are **attending high school**.
In case of application for exemption: **certified copy of your IB Diploma, GCE A2 level Certificate(s) or B.Sc. Degree and Transcript(s) listing all the subjects** you have taken and the grades you have achieved are required. Predicted grades are also considered.
In case of transfer students: official university transcript(s) listing all the subjects you have taken and the grades you have achieved, information on the grading system and course description(s) of all the subjects you have completed are required.
- 3. Photocopy of your valid Passport** (non-EU citizen) **or Identification Card** (EU citizen) Preferably with at least two years until the expiration date.
- 4. Curriculum Vitae** You may create your CV online: <http://europass.cedefop.europa.eu/documents/curriculum-vitae>
- 5. General Medical Certificate** official form available at: <http://www.med.u-szeged.hu/fs/application/downloads>
- 6. Photocopy of your Birth Certificate**
You must provide a photocopy of your Birth Certificate or any official document indicating your full name, date and place of birth, furthermore your mother's first and previous family name (maiden name) the latest after acceptance.
- 7. Motivation Letter** (to be composed in Dream Apply)
- 8. Reference Letter** (optional)
- 9. Statement of Representation** official form available at: <http://www.med.u-szeged.hu/fs/application/downloads>
- 10. Proof of Payment: 300 EUR Application fee** (non-refundable)

Please note that the above fee is a combined application and entrance examination fee which is to be paid only once regardless of the number of applied health science programmes (maximum 3 programmes) and includes a maximum of two examination chances in case it is offered by the University.

Payment can be made through **Simple Pay** (available within the Dream Apply Application system).

The hard copies of the above documents have to be mailed to the University only following acceptance.

Documents are only accepted as attested copies in English language or as certificates with an authorized English translation

Application documents for the Foundation Year Programme and for the Preparatory Course for Pharmacy Studies – to be uploaded to Dream Apply. Deadline for application: July 15, 2026.

1. **Passport photo**
2. **Certified copy of your High School Diploma** from an accredited high school **and Certificate listing all the subjects** you have taken **and the grades you have achieved.**

You are also eligible to submit your application if you are in your final year but have not received your School Leaving Certificate or Diploma yet. In this case, you must present **proof** that you are **attending high school.**

3. **Proof of English Language proficiency.** The list of English language test results accepted by the University is available at:

<http://www.med.u-szeged.hu/fs/foundation-year-program/foundation-year-program>

4. **Photocopy of your valid Passport** (non-EU citizen) or **Identification Card** (EU citizen) Preferably with at least two years until the expiration date.

5. **Curriculum Vitae** You may create your CV online:
<http://europass.cedefop.europa.eu/documents/curriculum-vitae>

6. **General Medical Certificate** official form available at:
<http://www.med.u-szeged.hu/fs/degree-programmes>

7. **Photocopy of your Birth Certificate**
You must provide a photocopy of your Birth Certificate or any official document indicating your full name, date and place of birth, furthermore your mother's first and previous family name (maiden name) the latest after acceptance.

8. **Motivation Letter** (to be composed in Dream Apply)

9. **Reference Letter** (optional)

10. **Statement of Representation** official form available at:
<http://www.med.u-szeged.hu/fs/application/downloads>

11. **Proof of Payment: 200 EUR Application fee** (non-refundable)

Payment can be made through **Simple Pay** (available within the Dream Apply Application system).

The hard copies of the above documents have to be mailed to the University only following acceptance.

Documents are only accepted as attested copies in English language or as certificates with an authorized English translation

In case you cannot conduct your payment online (through Dream Apply) bank account information for wire transfer is available at: <http://www.med.u-szeged.hu/fs/basic-and-pre-clinical-module/ways-of-payment>

Please note that commission charges have to be paid by the applicant.

Entrance and Evaluation Examinations

Entrance examinations are organized online by the University of Szeged and in cooperation with local representatives/partner institutions. For up-to-date information, please always visit the University website or contact your local representative:

<http://www.med.u-szeged.hu/fs/entrance-examination>

Applicants are allowed to participate in a **maximum of two examinations** in one application period **if the chance is offered by the University of Szeged**. The examination consists of a written and an oral part, where the applicant's knowledge in **Biology, Chemistry** (or Physics) and **English Language** is tested.

The online application needs to be submitted to our online Application System Dream Apply (<https://apply.u-szeged.hu>) at the latest 10 working days prior the chosen examination date. Exam registration is possible only if your application has been evaluated and you have received the entrance exam invitation from the University. You need to register for the exam online at the latest 5 working days before the examination.

The entrance examination fee is included in the application fee.

For details regarding exam registration, please visit the following website:

<http://www.med.u-szeged.hu/kulfoldi-hallgatok/entrance-examinations-in>

See for yourself:

Topics, sample tests and much more

<http://www.med.u-szeged.hu/fs/entrance-examination>

The Entrance Examination Calendar is available at the following website:

<http://www.med.u-szeged.hu/fs/entrance-examination-190103/entrance-examination>

Evaluation examinations for transfer students

Transfer students might be asked to take evaluation examinations in certain subjects. Evaluation examinations are organized individually. Detailed information about the examination dates and exam registration will be sent to the applicant after the submission of all application documents.

The 200 EUR evaluation examination fee is not included in the application fee

Entrance examinations for Nurse or Physiotherapist Programme

If you are applying to the Nurse or Physiotherapist Programme only, the entrance examination will cover just the assessment of your English language proficiency and a motivational interview.

In case of parallel application to the General Medicine, Dental Medicine or Pharmacy Programmes, you need to take the regular entrance examination.

After Acceptance

Letter of Admission

If you get admitted to one of our programmes, you will receive a **Letter of Admission**.

This document will be available in the **Dream Apply Application System**.

In order to ensure your safe arrival and a smooth adaptation to your new environment, we recommend checking our **Welcome Package** for useful information on visa, transfer to Szeged, arrangement of temporary and final accommodation, order of textbooks etc. The link to the Welcome Package is going to be included in your Letter of Admission.

You are also encouraged to visit the following web-site:

<https://u-szeged.hu/english/online-open-day/welcome>

MAILING ADDRESSES:

**University of Szeged,
Albert Szent-Györgyi Medical School:
Admissions Office
Szőkefalvi-Nagy Béla u. 6., 6720 Szeged, Hungary**

**University of Szeged, Faculty of Dental Medicine:
Tisza Lajos krt. 83. 6720 Szeged, Hungary**

**University of Szeged, Faculty of Pharmacy:
Zrínyi u. 9., 6720 Szeged, Hungary**

**University of Szeged, Faculty of Health
Sciences and Social Studies:
Temesvári krt. 31, 6726 Szeged, Hungary**

You can reserve your place by

1. **Accepting the place** in the Dream Apply System
2. **Paying the first semester** tuition fee
3. **Sending by postal service the hard copies** of your **application document** (uploaded to Dream Apply) and the following **medical documents** until the deadline indicated in the Letter of Admission
 - **Health Declaration form** (official form is available at: <https://www.med.u-szeged.hu/fs/application/downloads>)
 - **Vaccination Card / Immunization** records (incl. childhood vaccinations, being vaccinated against HBV and measles must be certified)
 - **Chest X-ray result** or a paper-based negative result of **TB blood test** (IGRA)
 - **Paper-based result of blood test and urine analysis result**
 - **Hepatitis B blood test results** (HBs antigen, HBc antibody)
 - **Laboratory evidence of Hepatitis B immunity** (anti-HBs titre ≥ 10.0 mIU/ml) In lack of immunity a Hepatitis B booster vaccine is to be taken and the anti-HBs titre blood test must be repeated after 4-6 weeks.
 - **Hepatitis C blood test result**
 - **HIV blood test result**
 - **Laboratory evidence of measles immunity** (presence of measles IgG antibody in blood). In the absence of immunity, one shot of MMR vaccine is needed (copy of the vaccination certificate must be attached)

Due to data protection reasons, medical documents have to be sent in a closed envelope. Please indicate your legal name, Dream Apply ID (4 or 5 digit number) and the name of the programme on the envelope. Medical documents will be evaluated by the occupational physician of foreign students and should not be uploaded to Dream Apply.

*Please note that medical tests have to be taken after **January 1st, 2026**.*

Student Visa

It is highly recommended to contact the Embassy of Hungary in your country before you make any travel arrangements.

Visa free entry

On the website of the Ministry of Foreign Affairs (www.konzuliszolgalat.kormany.hu/visa-waiver-agreements) you can find a list of countries whose citizens are exempted from the visa obligation if they are travelling to Hungary and hold a valid travel document entitling them to visa-free travel. However, three-five days after entering the country, they need to contact the Immigration Office in Szeged and apply for their residence permit. Furthermore, it is recommended that they ask the Hungarian Embassy for confirmation of the information posted on the website of the Ministry of Foreign Affairs at www.konzuliszolgalat.kormany.hu/en

Student Visa required

Students from **outside the Schengen Treaty Area have to hand in their visa application** to their local Hungarian Embassy or Consulate. Please note that it is your responsibility to **complete visa application** related tasks (if necessary). To avoid delays, please take into account the time needed for **the clearance process** (approx. 70 days). Three-five days after entering Hungary, students need to contact the Immigration Office in Szeged, Hungary and apply for their residence permit. For details regarding the visa application and to download the application form please visit the website of the Ministry of Foreign Affairs at www.konzuliszolgalat.kormany.hu/en

The Hungarian Embassy may require a **certificate** that your **place is reserved** including information on the credited tuition fee, health insurance and temporary accommodation. These certificates must be requested from the relevant Faculties. For contact details please check [page 55](#).

Tuition fees

for students who begin their studies in the academic year 2026/2027

The tuition fee includes general health insurance valid for Hungary, however does not include the costs of textbooks, accommodation and living expenses.

Tuition fee in EUR				
Program	Year	1 st semester fee	2 nd semester fee	Total
Medicine ⁽³⁾ ⁽⁴⁾ ⁽⁵⁾	1	7 100 tuition + 800 deposit	7 900	15 800
	2 – 5	7 900	7 900	15 800
	6	-	-	7 900 ⁽¹⁾
Dental Medicine ⁽²⁾	1	8 000	7 600	15 600
	2 – 5	7 600	7 600	15 200
Pharmacy ⁽²⁾ ⁽⁴⁾	1	5 420	5 000	10 420
	2 – 5	5 000	5 000	10 000
Nurse ⁽²⁾	1 – 4	3 500	3 500	7 000
Physiotherapist ⁽²⁾	1 – 4	3 500	3 500	7 000
Foundation Year ⁽²⁾ ⁽⁴⁾ ⁽⁵⁾	-	2600 tuition + 800 deposit	3 400	6 800
Preparatory Course for Pharmacy Studies ⁽⁴⁾	-	2 500	4 000	6 500

The fees are subject to change in case the student's academic progress does not follow the suggested study plan.

(1) The student is entitled to spend half of the sixth year practices at the University hospitals. If the student would like to accomplish more than half of the internships at the University, the fee has to be paid on a pro rata basis.

(2) Fee of Summer Practices is included in the tuition fee (if spent in Szeged)

(3) Fee of Summer Practices (including Hungarian Language communication practice) if spent in Szeged: ■ 4-week long Nursing Practice (after 1st year): 500 EUR ■ 4-week long Internal Medicine Practice (after 3rd year): 1000 EUR ■ 4-week long Surgery Practice (after 4th year): 1000 EUR

(4) **Early Bird Discount:** students who get admitted until April 30th shall receive a **300 EUR tuition fee reduction** in the **first semester** of their studies. Foundation Year students of the Albert Szent-Györgyi Medical School shall receive the discount automatically.

Sibling Discount: 2 (or more) children from the same family (brothers/sisters) with active student status at the same Faculty, with 100% tuition fee liability shall receive a **300 EUR tuition fee reduction/semester**. In case of passive semester or student status termination of 1 (or more) sibling(s) the discount will no longer apply.

(5) **Alumni Discount:** the child(ren) of an alumnus/alumna who graduated from the English Language Medical Programme, or received at least the 'Physikum' Certificate at the German Language Programme: with 100% tuition fee liability shall receive a **300 EUR tuition fee reduction/semester** during the active semesters of their studies.

Deadlines for payment

Degree Programmes

1st semester: the latest within 14 days from the receipt of the Admission Letter

2nd semester: by the deadlines indicated in the academic system (max.3 installments).

Foundation Year

1st semester: the latest within 14 days from the receipt of the Admission Letter

2nd semester: by the deadlines indicated in the academic system (max.2 installments).

Refund Policy

According to the respective Faculty Regulations.

Structure of studies

Teaching is performed under the credit system in modules. Students have to fulfill all the requirements of a certain module in order to enter the next one. This means that a given number of credits have to be acquired in different types of courses each module:

Compulsory Courses	Compulsory Elective Courses	Elective Courses	Criteria Subjects
--------------------	-----------------------------	------------------	-------------------

Students are provided a detailed suggested study plan at the time of registration.

Types of Evaluation

- **Term Mark** (gyakorlati jegy)
continuous testing of practical knowledge, a 5-grade system
- **Evaluation** (beszámoló)
evaluation of the subject matter of one semester in a 5-grade system
- **Examination** (kollokvium)
evaluation of the subject matter of one semester in a 5-grade system
- **Comprehensive Exam** (szigorlat)
evaluation of the subject of one, two or more semesters in a 5-grade system
- **Preliminary Exam** (elővizsga)
evaluation of the subject matter of one semester in a 5-grade system

Academic Calendar

Degree Programmes

Fall Semester:
September 2026 – January 2027

Spring Semester:
February 2027 – July 2027

Foundation Year

Fall Semester:
September 2026 – December 2026

Spring Semester:
January 2027 – April 2027

Grading System

 Five-grade system

5	4	3	2	1
EXCELLENT (jeles)	GOOD (jó)	ACCEPTED (közepes)	PASSED (elégséges)	FAILED (elégtelen)

Life on Campus

Accommodation

The University will assist freshmen **free of charge** in finding accommodation **from June until the end of August**. For details please read the Welcome Package. The link is indicated in your Letter of Admission.

Cost of living

The cost of living (including board and lodging) in Szeged is approximately EUR 800 – 1000/month.

Health Insurance

A general health **insurance valid for Hungary is included in your tuition fee**. Medical care is provided by the University doctors on campus. Detailed information will be provided at the official registration. Information is also available at: <https://u-szeged.hu/english/generali>

Library services

Our main university library offers you access to more than 1.8 million books, periodicals, manuscripts, microfilms, e-journals, e-books and other documents, out of which there are about 138,000 items related to the medical field. The reading rooms of the library are spread out on four floors and are equipped with an open access collection of 350,000 volumes. The reading rooms are furnished with 1000 seats and approx. 300 computers with Internet access. This is the largest library in Central Eastern Europe. The building itself also functions as a conference centre. It is the largest conference centre in the region that hosts national and international conferences, exhibitions and other programmes. For further information please visit the library's website at <http://www.ek.szte.hu/?lang=en>

Getting to know the University

We recommend that you visit our website, where you can find a lot of useful information about the city, our institution and life in Szeged: <https://u-szeged.hu/prospective>

Check our YouTube channel and see what a great place Szeged is:
<https://www.youtube.com/user/UnivSzeged>

From the academic year 2023/2024, a new educational building serves not only as a community hub for students, but with its lecture hall, seminar rooms, laboratories and simulation rooms it also gives home to a state-of-the-art educational and research center.

The transformation of the 100-year old building of the former Surgical Clinic into a high-tech teaching centre reflects the Medical School's commitment to blend tradition and innovation.

In September 2023 a brand new dormitory opened its doors to international students. **Spring Student Apartments** is, close to the educational facilities and is easily accessible on foot, by bike or by public transport. The city market and the Árkád shopping center are also nearby: <https://u-szeged.hu/spring>

Support for Students

Admissions and Academic Offices We are here for you!

You may find student life new and exciting, but also a bit bewildering. If you've come from high school, you need to get used to being part of a much bigger community, and you may also be living away from home for the first time, with all the readjustment involved in that. You are likely to need advice and support in order to find your feet socially and academically, so we make sure that from the start you have access to our support service staffed by people who are easy to contact and who can give you guidance on the following:

- > application and admission
- > orientation
- > academic regulations
- > accommodation
- > financial issues / loan
- > legal and community problems
- > residence permit / visa
- > health insurance
- > personal concerns

For contact information please check [page 55](#).

International Student Union of Szeged

I.S.U.S. is an organization created for students by students with the support of the University of Szeged providing you with free, independent and confidential advice and guidance. Members can help you solve issues you may face as a student, including academic, information about housing, transportation, restaurants and more. Students are able to access the service face-to-face, via e-mail or over the phone at our on campus office. For more information about the service and contact details please go to

www.isus-szeged.com

Hello,

My name is Abughneim Yousef, a fifth-year medical student, and I have the honor of serving as President of the International Student Union of Szeged (ISUS). ISUS is a student-led organization, founded by students for students, committed to representing and supporting the international community at our university.

As President, my focus is on ensuring that every international student feels represented, supported, and connected. We work to strengthen communication between students and the University administration, while also creating opportunities for students to connect with each other.

Our mission is to make student life in Szeged more inclusive and enriching by organizing social, cultural, and academic events. These activities help build friendships, provide valuable experience, and make it easier for newcomers to adapt to both the city and university life.

At the same time, ISUS is dedicated to providing academic support and guidance, so that every student has the opportunity to succeed in their studies and achieve their professional goals.

Together, let us build a strong and united student community and turn our dreams as future doctors at the University of Szeged into reality.

Rehabilitation and Geriatric Physiotherapy Lecture	2	-	1	E	-	-	-	-
Rheumatological Physiotherapy Lecture and Practice	1	2	3	E	-	-	-	-
Neurological Physiotherapy II. Lecture and Practice	1	2	3	E	-	-	-	-
Physiotherapy Demonstration Practice III. (Rheumatology, Neurology, Developmental Neurology)	-	70 / semester	3	TM	-	-	-	-
Rheumatology Lecture	2	-	2	E	-	-	-	-
Geriatrics Lecture	1	-	1	E	-	-	-	-
Paediatrics Lecture	2	-	2	E	-	-	-	-
Neurology II. Lecture	2	-	2	E	-	-	-	-
Preparing Thesis II. Practice	-	3 / semester	4	TM	-	-	-	-
Orthopaedic Physiotherapy Clinical Practice	-	-	-	-	-	120 / semester	4	TM
Respiratory and Circulatory Physiotherapy Clinical Practice	-	-	-	-	-	120 / semester	4	TM
Rheumatological Physiotherapy Clinical Practice	-	-	-	-	-	120 / semester	4	TM
Traumatological Physiotherapy Clinical Practice	-	-	-	-	-	120 / semester	4	TM
Neurological Physiotherapy Clinical Practice	-	-	-	-	-	120 / semester	4	TM
Preparing Thesis III. Practice	-	-	-	-	-	3 / semester	10	TM

Abbreviations: **CE** - Comprehensive Exam, **E** - Examination, **Ev** - Evaluation, **R** - Report, **TM** - Term Mark, **S** - Signature

Suggested Study Plan – Foundation Year Programme

O/W	1 st semester		2 nd semester	
	Weekly hours	Exam form	Weekly hours	Exam form
Biology	6	O/W	6	O/W
Chemistry	5	O/W	5	O/W
Physics	4	O/W	4	O/W
Medical English	4	O/W	4	O/W
Mathematics (1 st or 2 nd semester)	2	W	2	W
Hungarian Language	2	W	2	W
General English	*	W	*	W
Latin Language (Elective)	2	W	2	W

* The number of hours are based upon the students' competence

O = Oral, **W** = Written

UNIVERSITY OF SZEGED

ENTRANCE EXAMINATION FOR ENGLISH LANGUAGE HEALTH SCIENCE PROGRAMMES:

E-mail: entrance.fs@med.u-szeged.hu

Phone: + 36 (62) 545-969

ALBERT SZENT-GYÖRGYI MEDICAL SCHOOL

Address: Szőkefalvi-Nagy Béla u. 6.,
6720 Szeged, Hungary

Application

E-mail: apply.fs@med.u-szeged.hu

Phone: + 36 (62) 342-124

After Admission

E-mail: admission.fs@med.u-szeged.hu

Phone: + 36 (62) 342-059

FACULTY OF DENTAL MEDICINE

Address: Tisza Lajos krt. 83., 6720 Szeged, Hungary

Application and Admission

E-mail: dent.admission@stoma.u-szeged.hu

Phone: + 36 (62) 342-513

FACULTY OF PHARMACY

Address: Zrínyi u. 9., 6720 Szeged, Hungary

Application and Admission

E-mail: admission.pharm@szte.hu

Phone: + 36 (62) 342-340

FACULTY OF HEALTH SCIENCES AND SOCIAL STUDIES

Address: Temesvári krt. 31, 6726 Szeged, Hungary

Application and Admission
