

Morgan Stanley

What Will You Create?

Budapest Finance MS Access Database Internship

Given the continued spread of COVID-19 (coronavirus), all interviews will be conducted by phone or virtual connection to protect our candidates and employees.

Location: Budapest office

Start date: January- March 2021

Contract: 20/30/40 hours-a-week contract (flexible)

Duration of program: 6-12 months

We offer:

- Work in the Finance department of one of the world's top tier Financial Institutions and gain **first-hand insight** into the business
- Enriching challenges that provide opportunity for **constant learning** and advancement
- A **supportive and vibrant multinational** environment, we accept individual differences and believe in teamwork
- Opportunity to participate in the firm's **networking events**
- Opportunity to receive an **offer** for internship extension/full-time role upon graduation

You will:

- Develop an understanding of **finance processes** as well as project management methodologies
- Work with **project management** tools (Jira) to administrate progress of daily tasks
- Work with large **MS Access** databases (running, maintaining, developing)
- Document **developed solutions** and processes for other Finance teams' use and guidance

You have:

- Ongoing **BSc (or above) studies** in Business Informatics/Finance/Informatics or other related field
- Solid understanding of databases (**MS Access**)
- Strong knowledge of Excel and **VBA**, good level of **SQL**
- Familiarity with Python or Java Script is an advantage
- Good command of spoken and written **English**
- Good **numerical and analytical** skills

Team profile: The Budapest Finance Improvement team provides hands-on solutions for other Finance teams to enhance their productivity and help them reduce operational risk and manual activities via process automation and simplification.

About us: Morgan Stanley is a global financial services firm and a market leader in investment banking, securities, investment management and wealth management services.

At Morgan Stanley Budapest, we are shaping the future of our global business and contributing to our local community. Our team works across numerous areas, including Technology, Mathematical Modeling, Finance, Risk Management, Operations and Data & Analytics from our new state-of-the-art offices near the Danube and our City Gate office in the heart of the city center.

Application:
